FOOD

Thermoform-Fill-Seal-Machine

MADE IN
SWITZERLAND

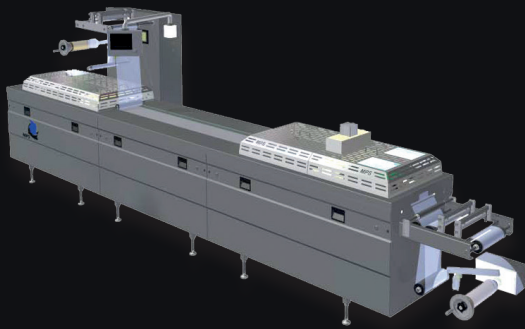

Highest performance ...

...with the latest technology and the perfect quality !

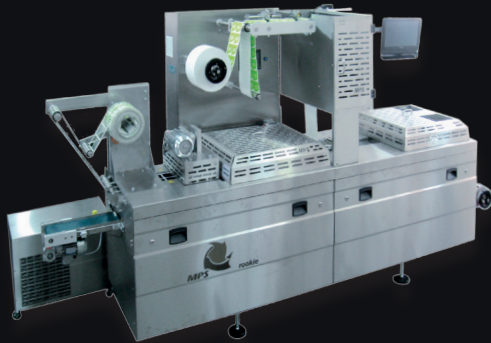

“MPS has good experience, if packing with or without vacuum or with MAP (modified atmosphere), if for wet or dry environments, our tremendous knowledge is at hand for everybody’s convenience.

These high-end MPS Thermoform-Fill-Seal-Machines are provided with the latest technology and are suitable for every industrial sector in accordance of all laws of hygiene in force.”

EVOLUTION

This model is a new development of a middle range machine. It is available for wet and also for dry environments. Frame as well as covers are made out of stainless steel. Therefore it is also most suitable for food applications as well as for non-food applications.

ROOKIE

This attractive and compact MPS-Thermoform-Fill-Seal-Machine (also called Blister-Packing Machine) is made out of stainless steel and suitable for every industrial sector – food, non food and medical packing.

All our machines are top reliable and nearly maintenance free. For us at MPS «Made in Switzerland» is not only a phrase – it is a guarantee for quality !
